PROJECTS

INTERIOR

EXTERIOR

SLU-B13

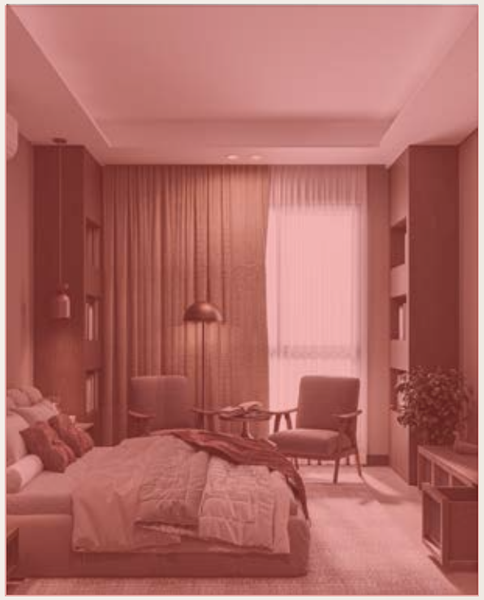

LOCATION : Riyadh - Al Narjis

TYPE : Interior

D E S I G N P H A S E

This interior design project was created to deliver a modern and functional living experience. The design includes a luxurious master bedroom, a comfortable children's bedroom, a spacious living and dining area, and a contemporary kitchen. Every space was thoughtfully designed with premium materials, refined finishes, and a cohesive aesthetic, resulting in a warm, elegant, and timeless home.

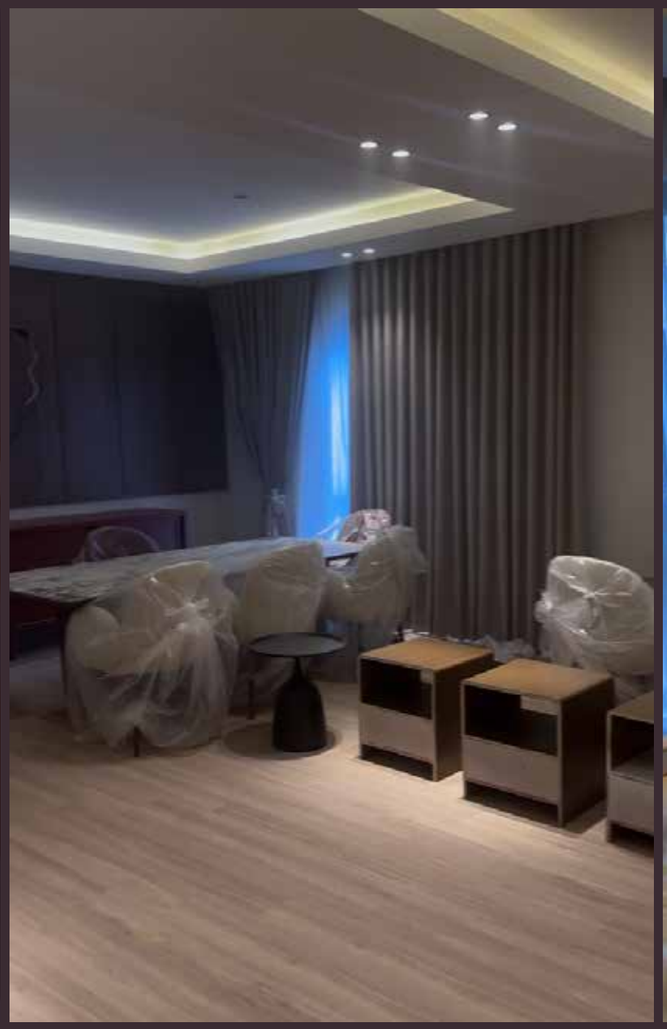

EXECUTION PROCESS

Every detail is carefully executed to ensure exceptional quality, precision, and a seamless final result.

FINAL RESULT

SAMA VILLA

LOCATION : Riyadh - Al Yasmeen

TYPE : Interior, Exterior

D E S I G N P H A S E

This project combines refined interior living spaces with a thoughtfully designed rooftop outdoor area.

The apartment features a modern living and a contemporary kitchen, while the rooftop extends the living experience with elegant outdoor seating and leisure spaces. Every detail was carefully crafted to achieve a seamless balance of comfort, functionality, and timeless design.

EXECUTION PROCESS

The project was executed with precision from planning to final completion, covering both the interior spaces and the rooftop outdoor area. Every stage focused on quality craftsmanship, premium materials, and meticulous attention to detail, ensuring a seamless integration of indoor comfort and outdoor living while bringing the design vision to life.

OPEN-AIR SEATING

Designed with both comfort and sophistication in mind,

the outdoor seating area offers a refined atmosphere where elegant materials, contemporary furniture, and natural elements come together to create a timeless open-air living experience.

M J
APPARTMENT

LOCATION : Riyadh - Al Aridh

TYPE : Interior

D E S I G N P H A S E

The design focused on creating a seamless connection between the living and dining areas through a clean, contemporary layout. Carefully selected materials, balanced lighting, and refined finishes were combined to enhance comfort, functionality, and visual harmony, resulting in a timeless and elegant living space.

EXECUTION PROCESS

Every stage of this apartment was executed with precision and attention to detail, from site preparation to the final handover. The project included the complete fit-out of the living area, dining space, bedroom, and dressing room, with a strong focus on quality craftsmanship, premium materials, and seamless integration. Each element was carefully finished to create a functional, elegant, and cohesive living environment.

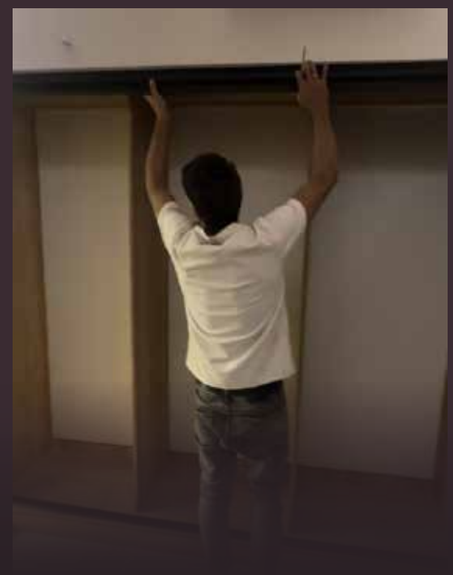

FINAL RESULT

SLU-A04

LOCATION : Riyadh - Al Narjis

TYPE : Interior

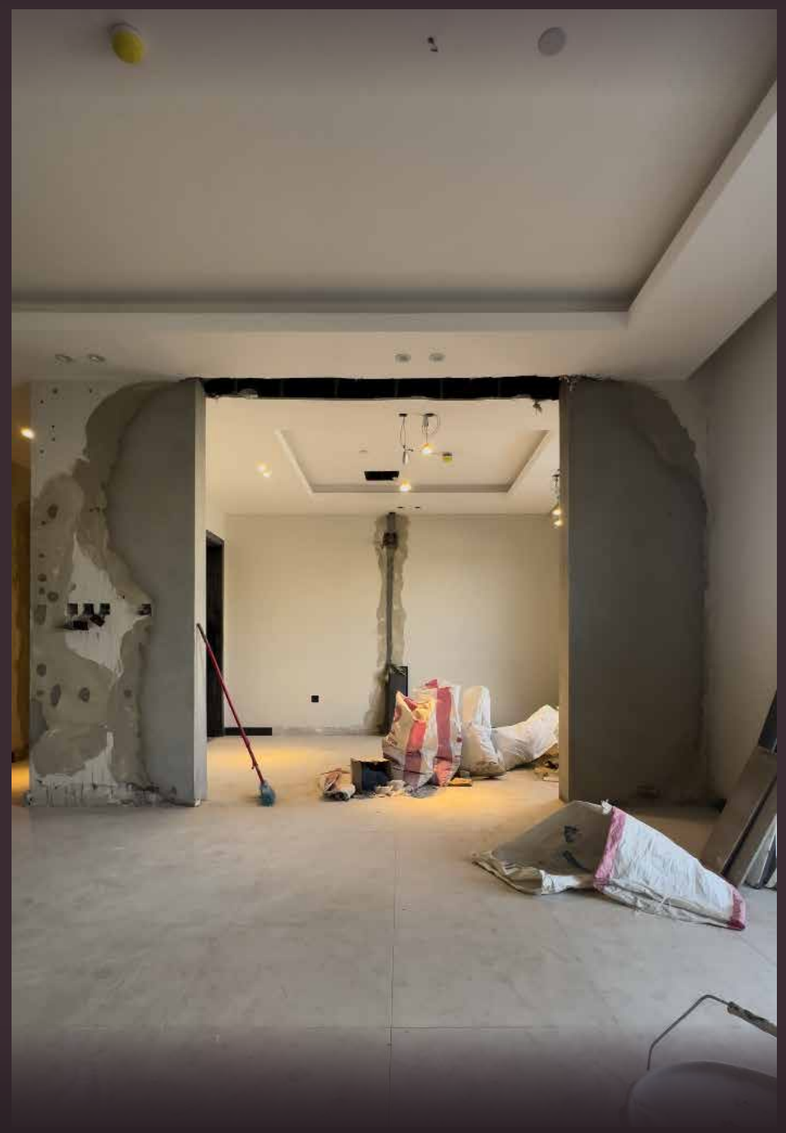

D E S I G N P H A S E

This apartment was thoughtfully designed to balance comfort, functionality, and contemporary elegance. The layout includes a welcoming living and dining area, a luxurious master bedroom, and a well-planned double children's bedroom. A cohesive material palette, carefully designed lighting, and refined architectural details create a harmonious living environment tailored to modern family living.

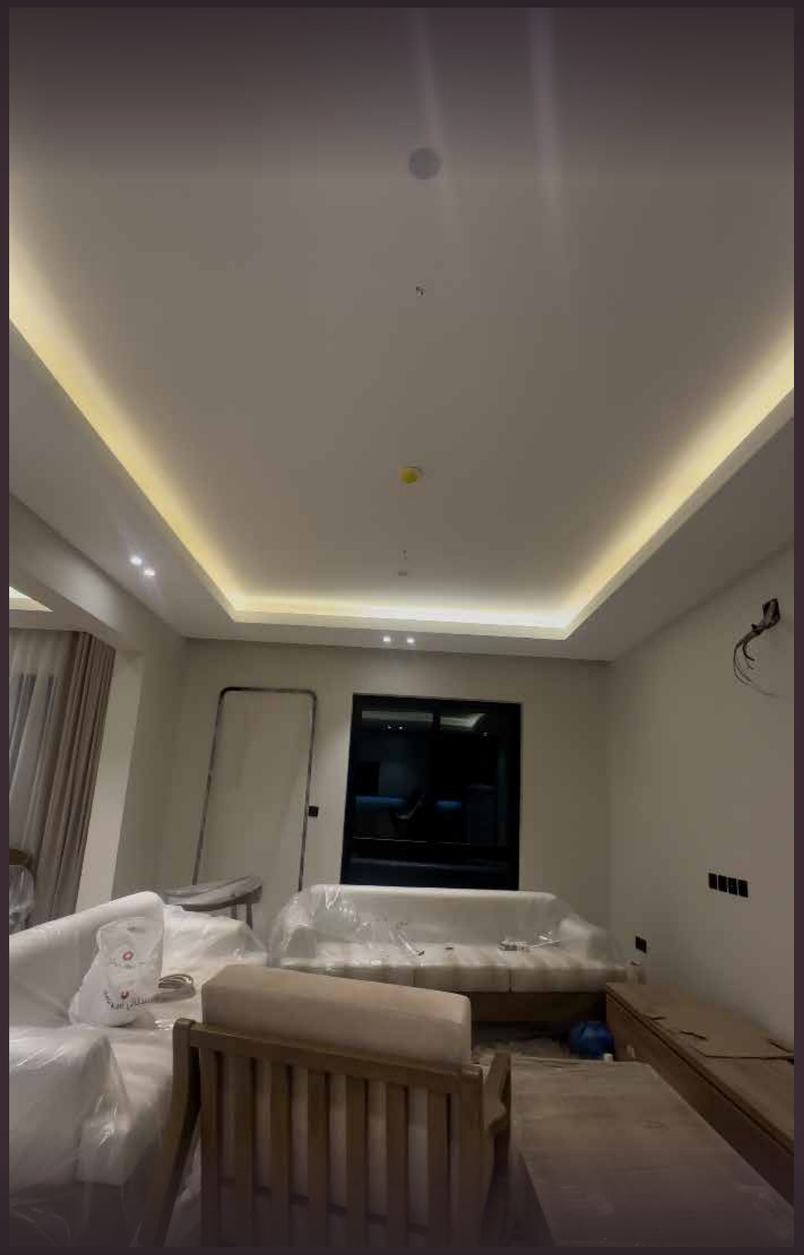

EXECUTION PROCESS

The execution of this apartment was carried out with precision and attention to every detail. The scope included the living and dining area, master bedroom, and double children's bedroom, with a focus on premium materials, high-quality craftsmanship, and flawless finishing. Every stage was carefully managed to ensure the final result reflected the original design vision while delivering a functional, elegant, and timeless living environment.

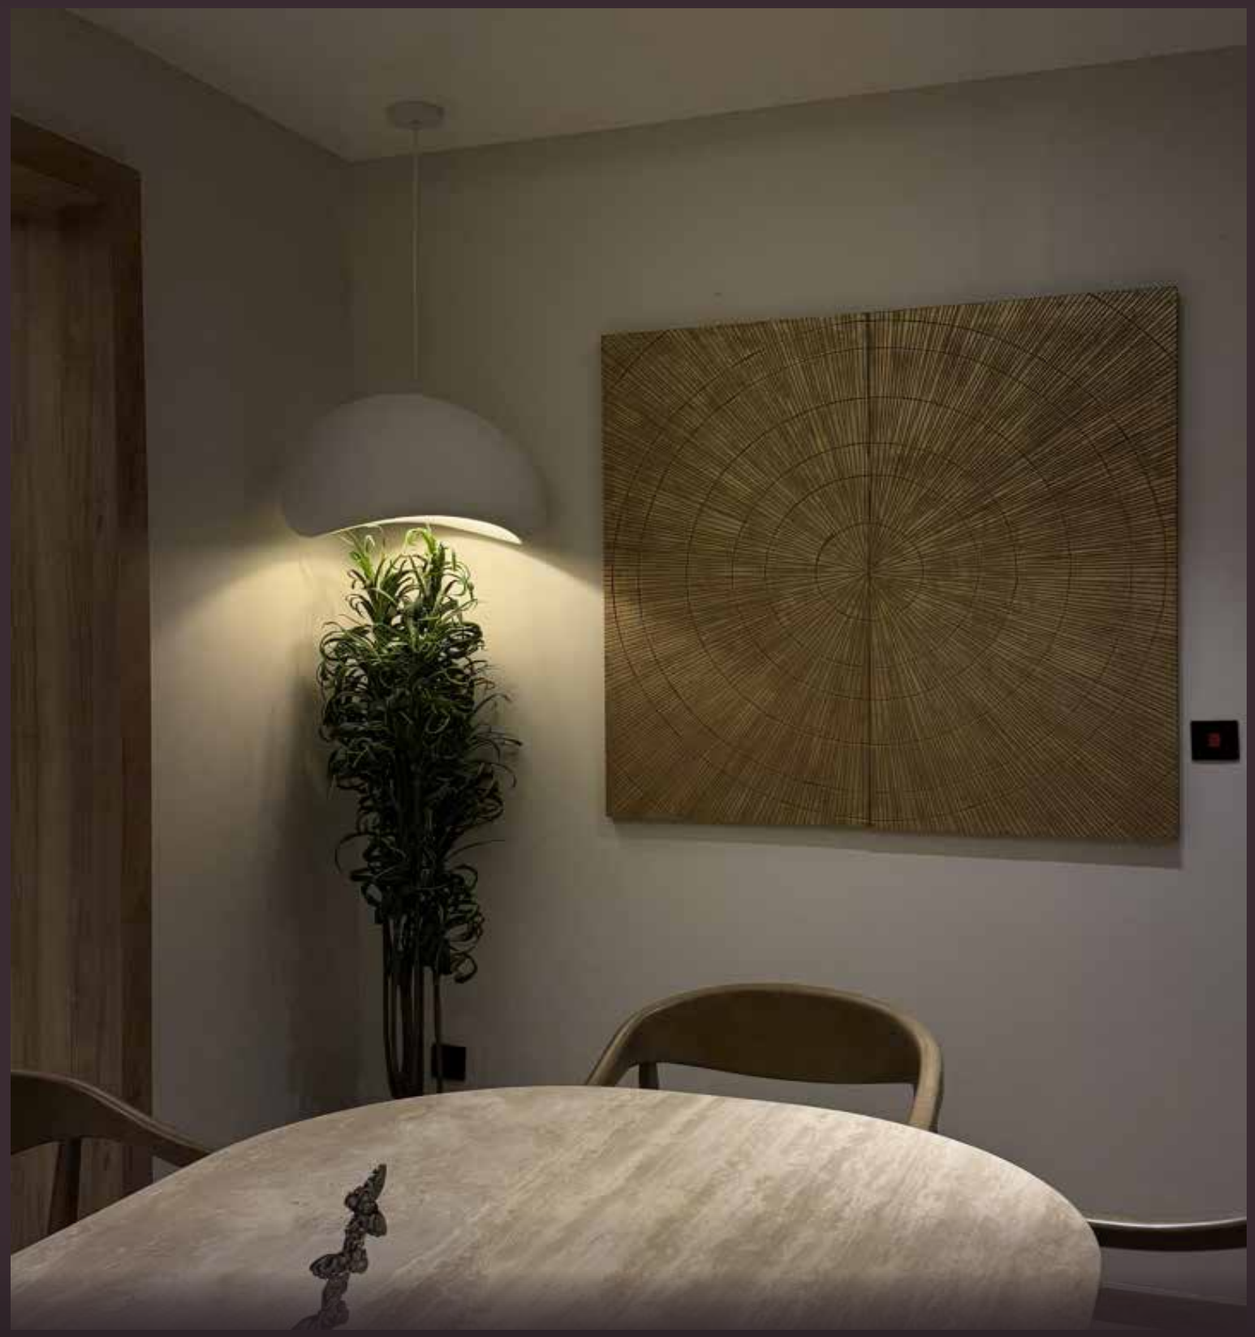

The completed apartment reflects a seamless blend of comfort, functionality, and contemporary elegance. Featuring a luxurious master bedroom, a thoughtfully designed double children's bedroom, and an open-plan living and dining area, every space was finished with premium materials, refined detailing, and meticulous craftsmanship to create a warm and sophisticated home.

ASEEB FARM

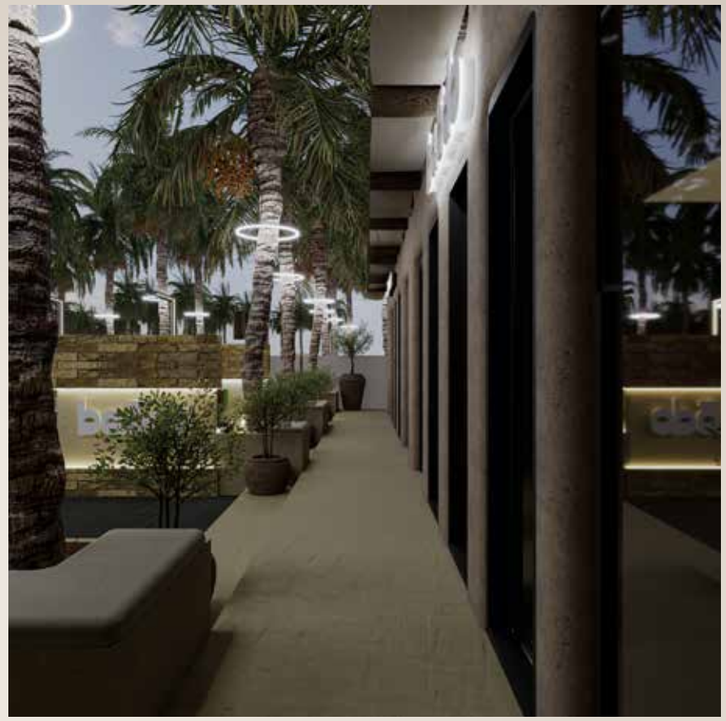

LOCATION : Riyadh - Al Qassim

TYPE : Commercial

D E S I G N P H A S E

The design process focused on creating three distinctive outdoor destinations, each with its own café or restaurant identity while maintaining a unified architectural vision. Through careful space planning, material selection, landscape integration, and 3D visualization, every outdoor seating area was designed to provide a welcoming, functional, and visually engaging experience that complements the natural surroundings.

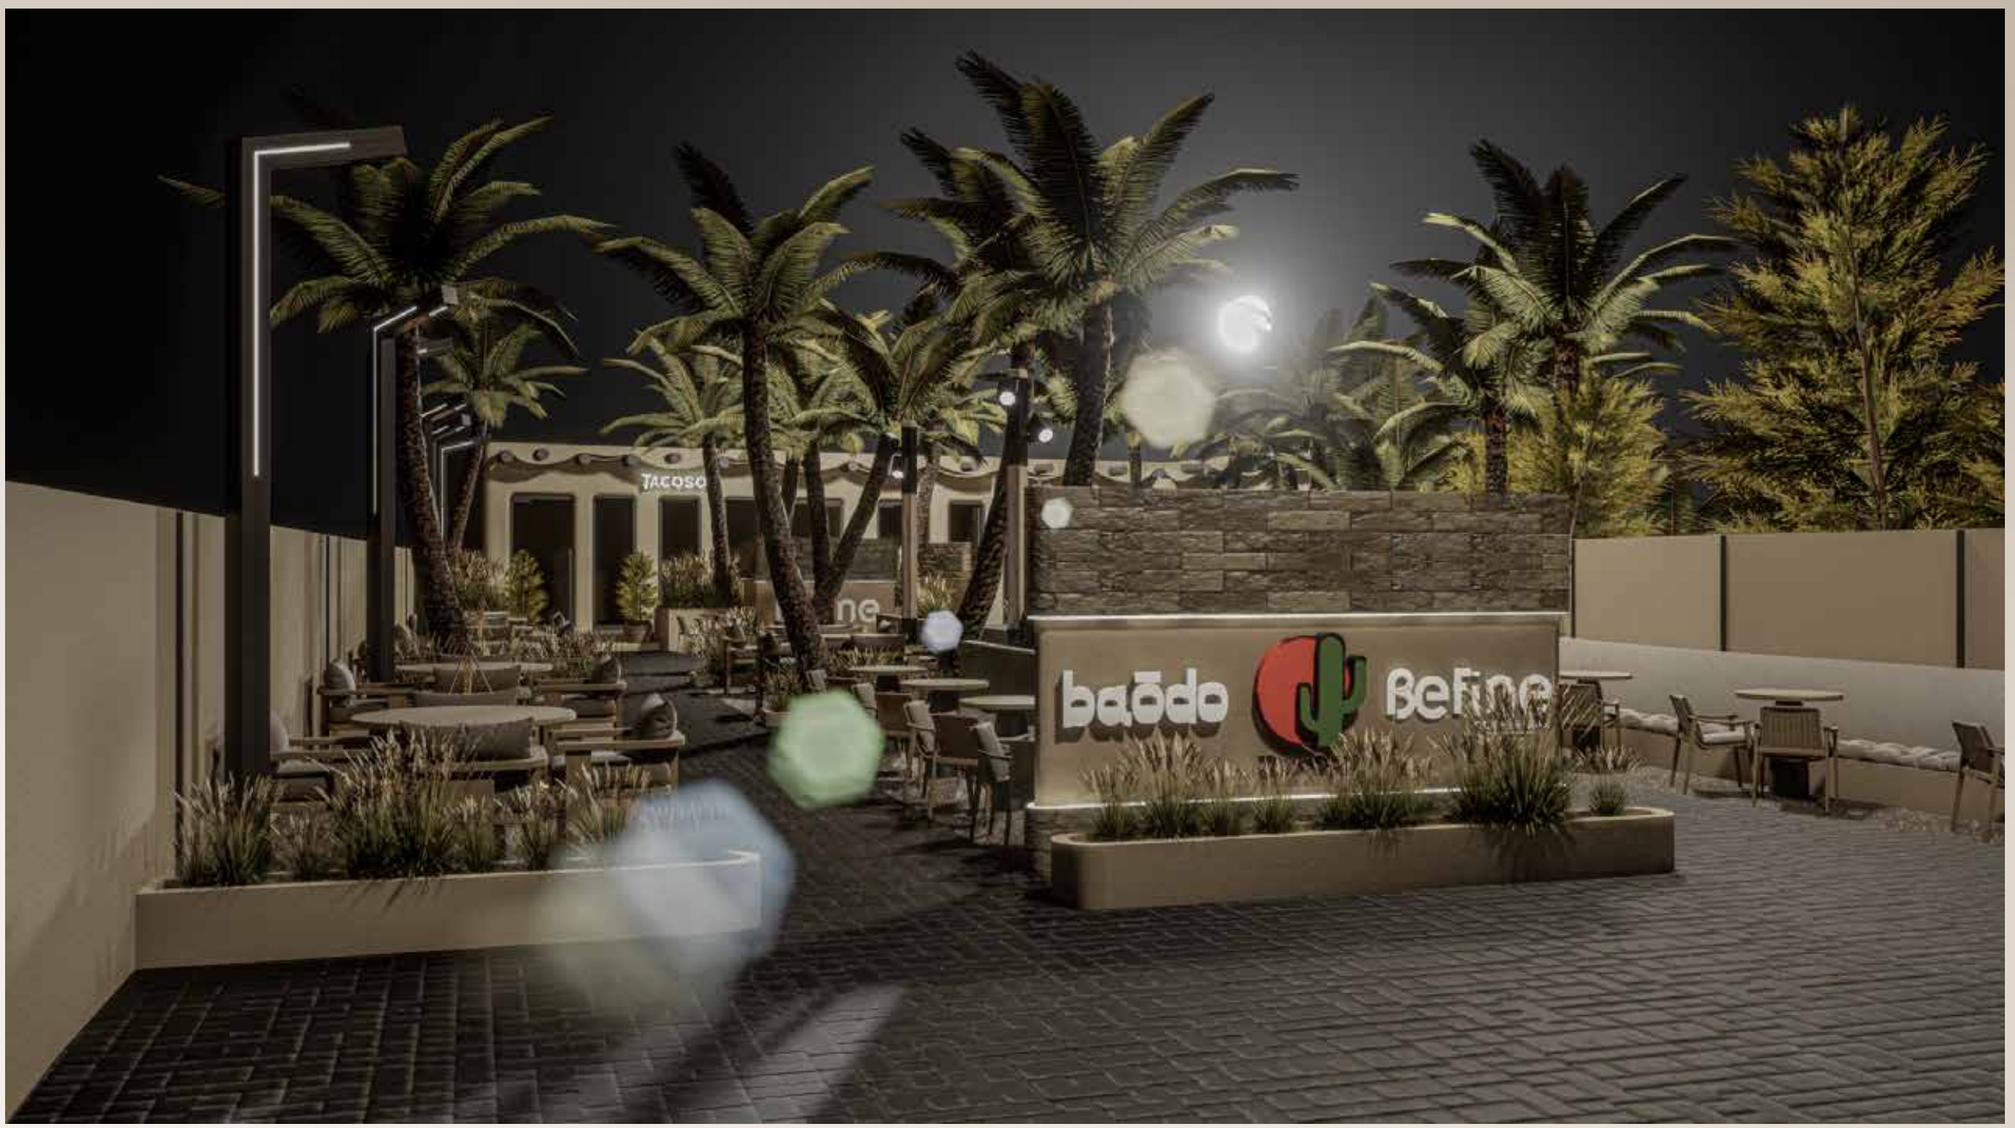

TACOSO

BeFine

EXECUTION PROCESS

The execution phase brought the design vision to life across all three outdoor destinations with precision and attention to detail. From site preparation and structural works to exterior finishes, landscape elements, lighting, and outdoor seating installations, every stage was carefully coordinated to ensure exceptional quality, durability, and a seamless final result that reflects PAVO's design standards.

Designed as a premium recreational destination,

this project features three unique outdoor venues,

each with its own café or restaurant concept.

PAVO developed the complete exterior design,

creating elegant outdoor spaces that blend

contemporary architecture, premium materials,

and a welcoming atmosphere.

NATURE INTEGRATED DESIGN

One of the project's key challenges was an existing palm tree located at the center of one of the buildings. Instead of removing it, we embraced it as a defining design feature by carefully designing the roof around the tree, allowing it to rise naturally from the ground and pass seamlessly through the structure. This solution preserved the site's natural character while creating a distinctive architectural element that enhances the overall identity of the space.

SAN

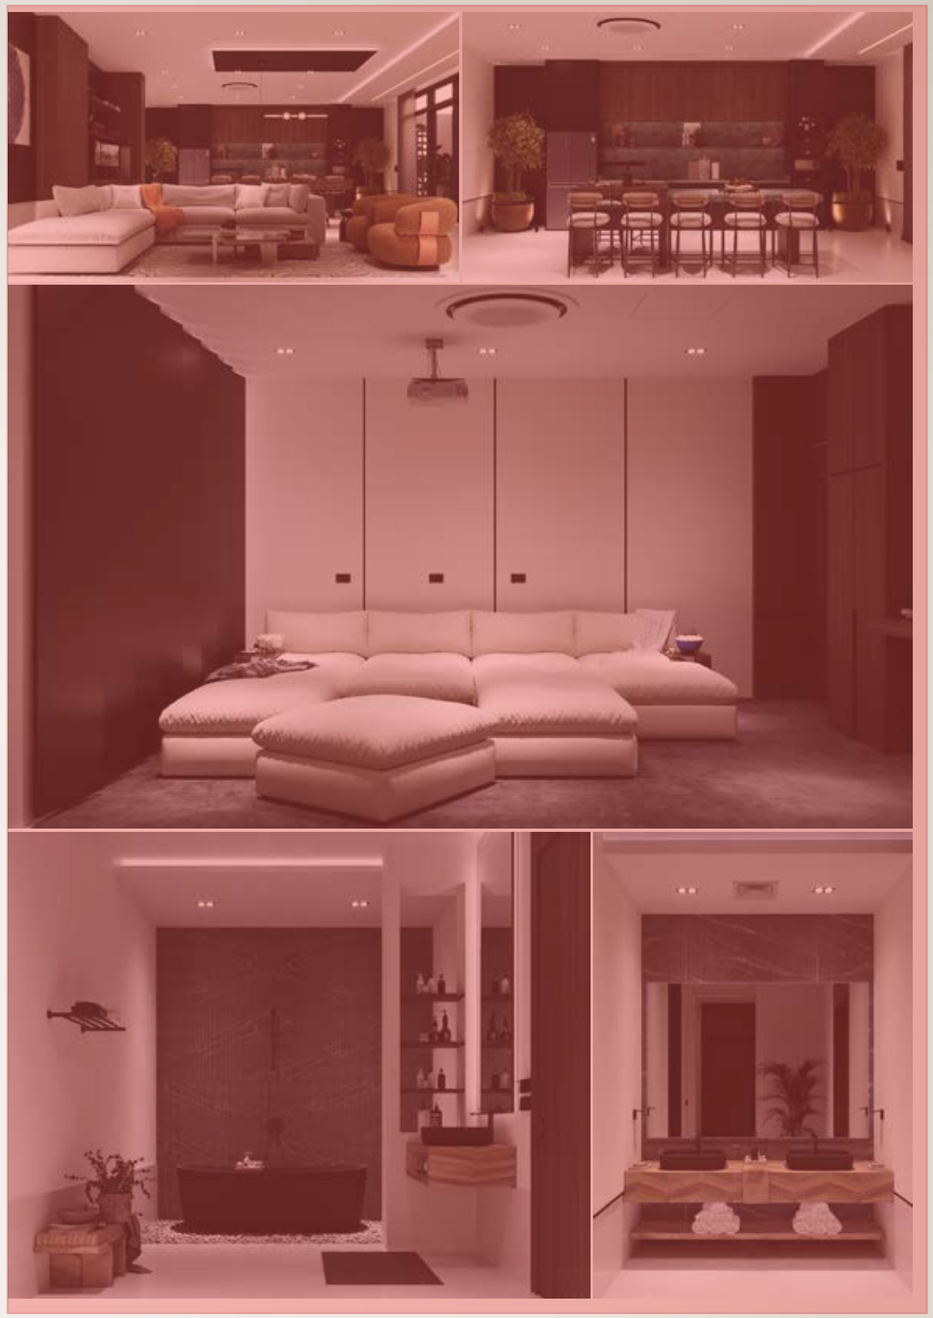

REST

LOCATION : Riyadh - Al Malqa

TYPE : Interior, Exterior

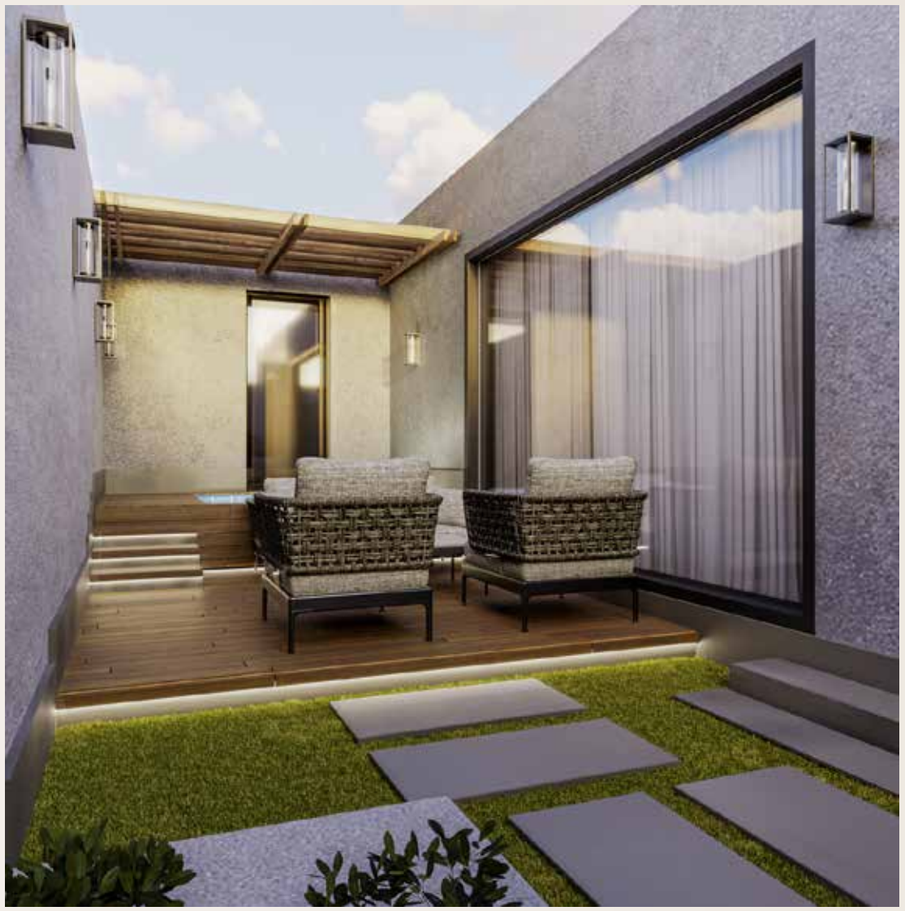

I N T E R I O R D E S I G N

This interior design project was created to deliver a refined and contemporary living experience. The layout features a welcoming living area, a modern kitchen, a dedicated entertainment zone with a private home cinema, and elegantly designed bathroom spaces, including a stylish washbasin area. Every space was thoughtfully crafted with premium materials, refined finishes, and a cohesive design language to achieve a perfect balance of comfort, functionality, and timeless elegance.

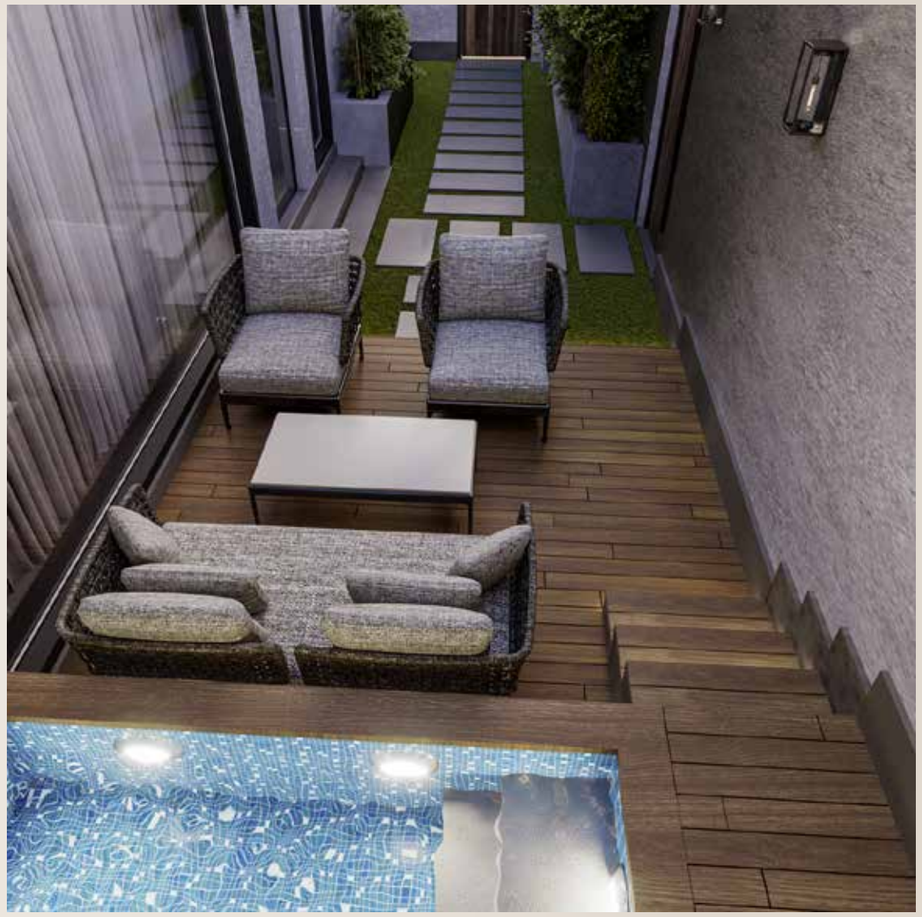

E X T E R I O R D E S I G N

The exterior design was developed to create a relaxing and elegant outdoor living experience. The project features a landscaped garden, a stylish seating area, and a compact swimming pool, all carefully integrated into a cohesive design. Premium materials, contemporary architecture, and thoughtful landscaping combine to deliver a welcoming outdoor space that balances comfort, functionality, and timeless aesthetics.

EXECUTION PROCESS

The exterior works were executed with precision and attention to detail, bringing the design concept to life through high-quality craftsmanship and premium materials. The scope included the swimming pool, landscaped gardens, and outdoor seating area, ensuring every element was seamlessly integrated to create a functional, elegant, and inviting outdoor environment.
